

# Pre-Congress Course, 6<sup>th</sup> September 2018

**9:00-12:00**

## **A day on call**

*(Organizer Roza Chaireti on behalf of the consultants of the Coagulation Unit and the Pediatric Coagulation Unit of the Karolinska University Hospital, Stockholm, Sweden)*

The course is based on patient cases from the Coagulation Unit of the Karolinska University Hospital, Stockholm, Sweden. Following a short presentation, each case is discussed amongst the consultant panel and the course participants and is concluded with short updates in the field by the main consultant in each case. The aim of the course is to highlight non-obvious issues that every physician working with patients with coagulation disorders has to face. The main target group of the course is physicians (residents and consultants), but all healthcare professionals are welcome!

***Separate registration required. Participation fee: 100 € (residents and other healthcare professionals), 150 € (consultants). Max 20 participants. [Registration here>>](#)***
