

Program

Day 2

Nordic Coagulation Meeting 2018, 6-8 September
Clarion Hotel Skanstull, Stockholm

Date/Time

Friday, September 7

Day 2

8.30-10.00 Arterial thrombosis, antithrombotic treatment and bleeding complications

Chair persons: Håkan Wallén and Bruna Gigante

8.30-9.00 Development and validation of a novel risk score for in-hospital major bleeding in acute coronary syndrome – The SWEDEHEART Score
Moa Simonsson

9.00-9.20 Anticoagulant-associated intracerebral bleeding
Ann-Charlotte Laska

9.20-9.40 Ischemic stroke and TIA - prognostic importance of microvesicles
Annika Lundström

9.40-10.00 The chicken and the egg- the association between AF and PE
Emma Svennberg

10.00-10.30 Coffee break and poster session

10.30-12.00 Global hemostatic methods

Chair persons: Aleksandra Antovic, Roza Chaireti, Maria Magnusson

10.30-11.10 Clinical applications of global hemostatic methods
Claude Negrier

11.10-11.20 Von Willebrands disease
David Schmidt

11.20-11.30 Hemophilia with inhibitors
Roza Chaireti

11.30-11.40 Children with hepatic disease
Maria Magnusson

11.40-11.50 DOAC (dabigatran)
Viktor Taune

11.50-12.00 Questions and discussion

12.00-13.00 Lunch

13.00-14.30 Satellite symposia - Roche

13.00-13.15 Welcome and introduction
Chairperson: Margareta Holmström

13.15-13.45 New approaches in the treatment of adult hemophilia A inhibitor patients - with focus on HAVEN 1 study
Claude Negrier

13.45-14.15 New approaches in the treatment of pediatric hemophilia A inhibitor patients -with focus on HAVEN 2 study
Guy Young

14.15-14.30 Questions and discussion

14.30-15.00 Coffee break and poster session

15.00-16.30	Pediatric coagulation <i>Chair persons: Pia Petrini and Susanna Ranta</i>
15.00-15.45	Neonatal hemostasis <i>Guy Young</i>
15.45-16.00	Pediatric stroke and the Swedish Stroke registry <i>Tony Frisk</i>
16.00-16.15	Perioperative hemostasis under CVC operations in children with hemophilia and inhibitors; the Stockholm experience <i>Helena Hägglöf</i>
16.15-16.30	Vascular anomalies and coagulation <i>Maria Magnusson</i>
16.30-16.45	<i>Break with a shot</i>
16.45-17.45	Satellite symposia - Novo Nordisk Paradigm shift in the treatment of haemophilia B Welcome and introduction <i>Pål André Holme</i> Development of Refixia (nonacog beta pegol). Clinical and non-clinical development of pegylated rFIX <i>Henning Stennicke</i> Clinical results of Reficia (nonacog beta pegol) treatment - enabling physical activity in adolescent patients with haemophilia B <i>Manuel Carco</i> Treating to high trough levels to enable physical activity in patients with haemophilia <i>Petra Elfvinge</i> Questions and discussion
19.00	Gala dinner at Münchenbryggeriet

NordCoag2018
Stockholm
